THURAYA 
stay close

The world's toughest satellite phone

Thuraya XT is the only satellite phone in the world to meet the industry's highest criteria for splash resistance, dust resistance and shock proofing. Combining the reliability of its unparalleled phone functionality, with the dependability of Thuraya's superior network, Thuraya XT ensures you stay close.

Wherever you are within Thuraya's extensive coverage area, however remote the location, Thuraya brings you close to where you need to be.

Thuraya XT is ideal for anybody who moves around in areas where local networks are unreliable or non-existent. Its extremely durable design makes Thuraya XT ideally suited for use in tough environments, where other satellite phones cannot operate.

Thuraya XT keeps you closer

Rugged design Built to exacting standards and using the latest durable polycarbonates for the outside case, it is quite simply, the most durable satellite phone in the market. Thuraya XT's IP54/IK03 rating is a globally recognised standard from the International Electrotechnical Commission, meaning it is splash resistant, dust resistant and shock-proofed.

Dependable battery life Thuraya XT's durable battery provides up to 6 hours talk-time and up to 80 hours standby time.

Glare resistant display For easy readability in direct sunlight, no matter how bright the conditions are.

Internet-on-the-go The handset's GmPRS capability means you can easily send/receive emails and browse the web with your laptop or PC from anywhere.

Thuraya XT, the world's toughest satellite handset – stay close.

Thuraya XT Key Features

- Satellite telephony
- IP54/IK03 standard
- Glare-resistant display with high contrast menu for easy readability in direct sunlight
- Advanced omni-directional antenna ensures an uninterrupted signal during non-stationary calls, offering a 'walk and talk' experience
- GPS functionality for waypoint navigation
- Messaging via SMS, email and fax
- Battery-saving technology - brightness sensor for the display to reduce battery consumption
- Organizer including calendar, world time and alarm functions
- Emergency function
- Works with Thuraya SIM card or with GSM SIM card (more than 300 Roaming partners worldwide)

Thuraya Coverage Area

Covering over 140 countries in Europe, the Middle East, Asia, Australia and Africa, Thuraya is critical when you need to work where GSM and other conventional networks don't. Thuraya XT also lets you roam across the entire coverage area using your existing GSM SIM card.*

Designed for the most challenging environments, Thuraya's compact and powerful satellite phones give you the advantages of high performance telephony together with a wide range of functions including voice, internet, SMS, fax and GPS navigation.
